The University Academic segment of Loydraversity Chicago principally consists of academic and research operations. It leades for this management discussion, the health care businesses white included under Loyola librersity Health System. University Academic does included the Stritch School of Medicine.

FY 2006 Increase in Net Assets

University Academic FY 2006 operating reversion excess of operating expenses shows an operating surplus of \$43.1 million. Non-operating revenues were \$18.5 million and included investment earnings and insuranceverices. Unrestricted assets also increased for: defined benefit pension counting rules required the Nersity to record a \$25.3 million increase in net assets because of the plan's improved financial position and new accounting rules required a decrease in seets of \$7.2 for recording potential asbestos removal costs. Temporarily restricted net assets increased by \$19.4 million due to investment performance and gifts, and perentally restricted net assets increased by \$4.2 million due to permanent endowment giftshe total increase in net assets for the year ended June 30, 2006 was \$103.2 million fortatal of \$570.3 million at June 30, 2006. This is a 22% increase imet assets since June 30, 2005.

Operating Performance for FY 2006:

University Academic continues to experimenthe resurgence and renewal which began several years ago. Enrollment continues to strong and management controls have managed and controlled costs. The resultsperimentations for the year ended June 30, 2006 were \$43.1 million compared to \$26.5 million for the same period last year, a 62.8% increase.

Enrollment continues to strengthen and threeversity is approaching capacity for undergraduate students. In fiscative 2006, total enrollment reached 14,299, representing both full and part-time students ndergraduate enliment, the largest component of University enrollment was 8,90197.7% over the previus fiscal year. In the fall of 2005 (Fiscal Year 2006), the iversity welcomed 2,425 new students as compared to 2,401 in the fall of 2004. This hie largest group of new students in the University's history and included 1,890eshman and 535 transfer students.

Graduate and Professionalistents totaled 5,352 comparted 5,461 in Fiscal Year 2005. Graduate enrollment was down 2.7% reflecting nature of some particular graduate programs. Medical enrollment increased by natural entrollments as a result of Stritch School of Medicine's decision to increase total elimnent by 40 students over four years.

Gross tuition increased to \$282.3 million of \$247.3 million or 14.1%. This increase was principally due to highernrollments and a tuition rainecrease approximating 6.0%. University funded scholarships a percentage of related venue was similar to prior years with the average scholarship for alfness at 40.0% while the continuing students receive an average of approximately 36% e Tatte of University funded scholarships is consistent with our Jesuit mission to prove the cational opportunities to those needing such assistance. Net tuition and ferest eased by \$25.4 million or 13.4% to \$214.8 million.

Total operating revenue amounted to \$397.5 omilln FY 2006 or 12.2% higher that in fiscal year 2005. The most significant factor this increase (58.7%) was the increase in net tuition and fees. Over increases include:

- x Interest income increased by \$3.2 million or 126.8% to \$5.7 million. This increase is related to greater funds deposit, principally related to management savings incentives and debt repayments, as well as higher interest rates.
- x Unrestricted gifts of \$7.0 million wereceived, an increase of \$2.3 million from the prior year.

Total operating expenses increase **Bbly**% or \$26.6 million to \$354.4 million in FY 2006. Included in operating expenses was \$3.5 million in support provided to students displaced by Hurricane Katrina. With the **in** in support provided to students, displaced by Hurricane Katrina. With the **in** in support of students, the University increased the number of faculty made market adjustment **fao**ulty and staff salaries allowing the University to become more **nope** titive in the labor market. In FY 2006, the University operated two new buildings **fao** fludi

Cash and Investments:

Liquidity levels continued to strengthen due to positive investment returns and a strong operating performance. Cash and Investissiencreased to \$464.2 million from \$401.4 million the prior year. At June 30, 2006, Cash and Investment represented 131% of FY 2006 operating expenses and 172% of outsitendebt at June 30, 2006. Comparable statistics for FY 2005 were 122% and 147%, respectively.
